Hi Laura,

It was a pleasure speaking with you this morning. As we discussed, I'm forwarding a copy of the letter we intend to send to approximately 55 parties inviting them to participate in the cleanup efforts at USOR. Please share this with Rock Owens and Vince Ryan, the Harris County Attorney. As always, please feel free to contact me if you have any questions.

Subject: Update on US Oil Recovery

Lindsay and Sergio -

This is to let you know that EPA is contacting approximately 55 businesses in Texas and other states, inviting them to participate with the Potentially Responsible Parties (PRP) group for the U.S. Oil Recovery Superfund site. EPA has identified these businesses as ones who sent or arranged to be sent to the site a sizeable quantity of waste for disposal and/or treatment which may have included hazardous substances. This letter is not a determination that these businesses are PRPs.

Examples of the letter and enclosures are attached for your information. If you have any questions, please let me know.
